

# MV70 rural

## MV70 rural butt welder

for rural or metric pipe up to 63mm

### Features

Butt weld and save on fittings.

Compact for narrow trench work.

Short set up time. Heater reaches working temperature in under 10 minutes.

Joints rapidly prepared with the powerful electric facer.

Robust and low maintenance - tough and reliable for harsh field conditions.

Attachments available to clamp 2", 1½" and 1¼" rural pipe, or metric pipe from 32mm to 63mm. (Specify when ordering).

(As used by SA and VIC gas authorities in natural gas installations for over 30 years.)

### Component Data

Butt machine	260L x 250W x 330High	7.2kg
Heater plate	115mm heating diameter, 750 watt, 240 volt AC.	2.1kg
Facer	700 watt, 240 volt AC. Single cutter blade.	4.0kg
Reducing Liners (4 liner segments per size)	for rural class B pipe - 2", 1½", 1¼" or 50mm, 63mm metric pipe	0.4kg
Heater/facer Stand		1.5kg
Accessory case (holds all components)	520L x 300W x 320High (0.50 m³)	7.9kg
Total shipping weight	All components plus packing	25kg approx.

(Minimum recommended portable generator capacity for field use is 2kva, 240v, single phase.)
